

Confirmation

*for the following printing blanket material
used for sheet-fed offset printing*

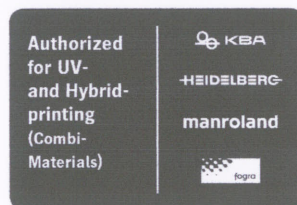

“TOPAZ CARAT”

of the company

CONTITECH AG – PHOENIX XTRA BLANKETS

This is to confirm that the aforementioned printing blanket material fulfills the requirements of the elastomer swell test performed with inks holding the black test label.

The black test label refers to printing press operations that are equipped for alternating productions with UV and conventional inks.

The requirements of the elastomer swell test are based on the quality criteria of the following printing press manufacturers:

**Heidelberger Druckmaschinen AG
Koenig & Bauer AG
manroland AG**

This confirmation is only valid for the composition of printing blanket material which was presented to Fogra.
